Altus Primary School
1200 Glenda
Altus, OK 73521

Welcome to Altus Primary! We are looking forward to the opportunity to work with your child. The faculty and staff at Primary are dedicated to providing a positive educational experience for all our students. Our wish is that we can help your child to excel to his/her greatest potential.

Our teachers are excited about working with your child this year. We have a well-rounded curriculum with emphasis in the areas of reading and math to maximize the educational achievements of our students. Instruction is enhanced through the use of computers, iPads, and internet access throughout our school. We are proud to begin the one-to-one initiative with digital learning which includes iPads for each student. We have implemented the Response to Interventions (RTI) process. RTI is about matching student's needs with high quality researched based educational practices and interventions in measuring student progress and performance to make the best education decisions for all students. Our school library has a circulation system that is completely automated with thousands of books and materials available. All children will participate in music and physical education classes each day. Our counselor will be available to students on a full time basis.

Our students and teachers at Primary support our community and will be involved in several meaningful projects this year. Students will be involved in local music performances, food drives, participation in Jump Rope for Heart, Cards for Veterans, and other worthy community services. Most of our teachers and support staff have been trained in the methodology of *Great Expectations* and are excited about implementing the philosophy of this worthwhile program.

You can help your child succeed by becoming involved in your child's education and school. The best way to assist your student is to read with them at least twenty minutes daily. I invite you to become an active member in our volunteer program, become a room parent, and attend the Parent Teacher Conferences. Your participation will play an important role in your child's educational career.

Once again, welcome to Primary. Working together as parents and educators, we can make your child's first and second grade experiences some of the most memorable of their school career.

Sincerely,

Cheryl Anderson, Principal

ASBESTOS HAZARD EMERGENCY RESPONSE NOTIFICATION

Under AHERA 40 CFR Part 763 Altus Schools has asbestos-containing materials. Periodic surveillance of the facilities is conducted during January and July with 3 year re-inspections conducted tri-annually. Building occupants and workers shall be informed when response actions take place. Management plans for the facilities that contain asbestos are available for review in the superintendent's office and at each school's administration office.

ASSESSMENTS

All teachers will use multiple assessments throughout the year to determine the skill level of each child in Reading, Math, and Writing. This will include benchmark testing data, progress monitoring data, intervention data, pre/post test data, and classroom assessments. Each teacher will be ready to show documentation to the administration of each type of assessment upon request. Literacy First and IStation assessments will be used to determine eligibility for Reading Sufficiency. The Response to Intervention (RTI) team will require that teachers keep current class data sheets and student folders. This information must be used when planning lessons. Interventions will be implemented for those students in need of extra instruction in math, reading, and writing. The assessment information will be utilized to assist in planning classroom instruction. Student Portfolios will be developed and maintained for each second grade regular education or IEP student to assist with "good cause" exemptions for third grade promotion if State Testing results require this.

ATTENDANCE/ABSENCES/MAKEUP WORK

*** Informational letter will be passed out during Meet the Teacher and Parent Orientation.**

First Action

When a student has been absent from school four or more days or parts of days within a four-week period without a valid excuse the parent/guardian will receive notification that will include the following:

- State warning letter
- Student Information System report

Second Action

When a student has ten days or parts of days of unexcused absences, it will result in filing with the District Attorney's office.

Third Action

Excessive excused or non-excused absences could result in student retention.

NOTE

Notification will be sent to parents of students who are frequently absent due to illness when the number of absences has exceeded ten days. In order for further absences to be considered excused, a doctor's verification may be required.

Students will be permitted to make up classwork missed because of an excused absence. Make-up work will not be permitted for truancy (unexcused absences).

Absences will be considered excused for the following reasons providing communication is made to the school **on the day of the absence**: illness, bereavement, family emergencies, recognized religious holidays, and doctor or dentist appointments. All other absences are considered unexcused.

ATTENDANCE, TARDIES, ABSENCES, AND MAKEUP WORK

Definitions

Absence – If a student comes to school after 9:15 a.m. it is considered half a day absent in the morning. If a student leaves before 1:45 p.m. it is considered half a day absent in the afternoon.

Attendance – Regular attendance is a necessary part of the learning process and is a key to getting a good education. The educational experience consists of more than merely taking tests. Daily classroom participation, interaction with the teacher and other learners, and receipt of instruction is necessary to acquire desired knowledge and skills.

Excessive Absences – If a child is absent without valid excuse for four or more days or parts of days within a four-week period, or is absent without valid excuse for ten or more days or parts of days within a semester, schools are required by law to report these excessive absences to the Department of Human Services and District Attorney.

The office is open at 7:30 a.m. Please call as early as possible. If for some reason a parent/guardian contact has not been made regarding a student's absence by the end of that school day, the student will be considered truant.

Make-up Work - Students will be allowed to make up the classwork missed due to an excused absence. Each student will be given the number of days absent plus one day to finish any make-up work. Any work that is not turned in on time will have a zero recorded for that assignment.

Policy 700.710

STUDENT MEAL CHARGES

The district is committed to ensuring that all students receive the nutrition they need to engage in active learning during the school day. In accordance with applicable federal guidance from the United States Department of Agriculture (USDA), this policy is intended to serve the purpose of meeting student needs while maintaining the fiscal integrity of the district's school food service account.

Students paying full or reduced price for meals who do not have money in their account or in hand to cover the cost of a meal at the time of service will be permitted to charge a meal. However, these students will be denied permission to charge a la carte or "extra items", such as a second milk, additional meal, or additional entrée.

"Students are responsible to pay in full for any meal charge accrued against their meal account." A maximum limit of a \$25 dollars charge may be accrued against a school meal account. After this the student will be offered a designated alternate meal such as a meat or cheese sandwich with milk for lunch and a breakfast grain item with milk for breakfast.

If a financial hardship exists, parents and families are encouraged to apply for free or reduced priced lunches for their child. Applications are available at schools and the district Board of Education Office.

Parents/guardians will be notified on a regular and consistent manner that a school meal debt has been accrued through means such as verbal, e-mail, phone call, letters relayed at parent/teacher conferences or low balance due to notice from the school district. Charges that place the student in a negative status at any time during the school year remain the parent's responsibility.

Employees of the District will be expected to maintain a positive meal account balance or opt to pay cash for all meals.

A copy of this policy will be given to each parent/guardian at the start of each school year and posted on our website. All school personnel will also be notified of this policy.

This institution is an equal opportunity provider.

BUS TRANSPORTATION

Bus transportation is provided to students in certain designated areas. Transportation of students by method of school bus should be considered a privilege provided, not a right; therefore, students should be aware that privileges may be lost if they are abused. It is important that every student be entitled to a safe trip to and from home. Unsafe bus behavior is not tolerated. Only regularly scheduled bus students are to ride the buses. Each bus driver will establish rules for the bus in accordance with the district transportation manual. If the behavior of a student becomes such that it jeopardizes the safety of other students, or is not in accordance with policies set forth in the bus transportation guidelines, the student may be denied bus riding privileges. No busing will be provided for pre-school children.

Elementary Students

For students in kindergarten through 4th grades the procedures below will be applied:

1st Offense – Upon the first offense of unacceptable conduct, the principal will counsel the student and inform the parent.

2nd Offense – Upon the second offense, the principal will notify the student and parent that the student is suspended from school bus riding privileges for three (3) days. The student will be transported home on the last day he/she rides the bus.

3rd Offense – Upon the third offense, the principal will notify the student and parent that the student is suspended from school bus riding privileges for seven (7) days.

4th Offense – Upon the fourth offense, the principal will notify the student and parent that the student is suspended from school bus riding privileges for ten (10) days.

5th Offense – Upon the fifth offense, the principal will notify the student and parent that the student is suspended from school bus riding privileges for twenty (20) days.

6th Offense – Upon the sixth offense, the principal will notify the student and parent that the student is suspended from school bus riding privileges for the equivalent of one semester (87 days).

If a student shows an uncontrolled malicious disregard for the safety and well-being of the passengers and driver, it is possible that immediate suspension from the bus and school may occur without going through the procedures above.

The same rules of conduct expected at school and in the classroom shall apply for the student on the school bus.

Bus conduct procedures involving identified special needs students are determined individually on a case by case basis.

Altus Primary School is a closed campus. During the noon period, students will be restricted to the school campus. However, a parent/guardian may pick up their child during the lunch period. A parent will be allowed to take his/her child only. Be sure to sign your child out and back in at the office. Students who are late in returning to class from lunch will be given an unexcused tardy.

COMPUTERS

Computer education has become an important part of our curriculum and a part of the Oklahoma State Competencies. Altus Primary has one computer lab available for students. There is also internet access in each classroom with iPads and computers available for students.

Students using the school internet must have permission from their parent/guardian on file. This may be found on the enrollment form. Violation of District Policies and Procedures may result in cancellation of computer use privileges and/or disciplinary action. Computer vandalism will result in cancellation of District Computing Resource privileges and/or other disciplinary action.

COUNSELOR

Our counselor provides counseling services throughout the year and coordinates many programs and activities. Parents, teachers, or students may request services from the counselor for individual counseling, behavior modification techniques, classroom activities, and other needs.

DISCIPLINE

The philosophy of discipline for Altus Primary is as follows: elementary teachers and administrators will make every effort to use positive reinforcement, provide a pleasant environment, and maintain parental contact to ensure appropriate behavior of each child. These actions tend to minimize students' discipline problems. Refer to Discipline Policy in Board of Education Policies 700.150 or page 26-30 of the student handbook.

DISMISSAL OF SCHOOL DUE TO SEVERE WEATHER OR OTHER CAUSE

On occasion weather or other unforeseen cause merits dismissal of school or requires a late start time. When questions arise listen to KWHW 1450, FM radio 93.5 or check the Altus Primary School Facebook page about news concerning start and dismissal times. Altus Public Schools' automated dialer will also be calling the phone numbers we have on file. Please contact the office with any updated phone numbers as they become available.

DRESS CODE

Students are encouraged to come to school in comfortable and clean clothes. Appropriate dress as determined by the staff and administration of Altus Primary is required at all times. Please make sure that shirts and tops with "sayings" printed on them are in good taste. Parents will be notified if clothes are inappropriate and/or distracting to other students. The dress code is as follows: no short shorts, no halter tops, no showing belly buttons, no shoe skates, no sagging, no gang-related clothing, no alcohol or drug advertisements on shirt, no obscene shirts, and no mesh tops. Hats of any kind, pajamas or house shoes are not allowed at school unless prior approval has been obtained from the principal. Piercing is limited to the ears only. **A good rule to follow is if you are not sure, don't wear it.** Athletic shoes are encouraged for recess and physical education classes for student personal safety.

EARLY CHECKOUT OF STUDENTS

Our time with your child is valuable. We are all concerned about quality education for each of our students. Please try to schedule appointments and trips at a time that will not conflict with the learning. **Any visitors picking up a child must present identification, sign the student out and we will call for your child.**

At Primary the well-being and safety of your child is most important to all of the faculty and staff. Because of this we are asking your cooperation with the following policy.

Parents who need to pick up children during school hours need to sign the students out through the office. School personnel will send for student to be dismissed while they are being signed out. Please do not call ahead to have your child dismissed from class early only to sit at the front and wait on you; they would miss much valuable learning time from the classroom.

Picking child up early from school counts as a tardy or half day absence

Absence – If a student leaves before 1:45 p.m. it is considered half a day absent in the afternoon.

Tardies – Those students who leave after 1:45 p.m. are considered tardy in the afternoon.

1. For all scheduled appointments notify the teacher of the time your child should be dismissed to the office. You may do this by sending a note to your child’s teacher.
2. For emergencies or unexpected circumstances notify the office by phone or in person.

ENRICHMENT CLASSES

Primary students who qualify for enrichment will be served on site. Those students who are recommended for enrichment placement in grades 1-2 will be served in a weekly pull-out program by our librarian. Board Policy will establish guidelines for this program.

EXTENDED DAY CARE PROGRAM

Altus Primary provides an after school program for students of working parents. The program hours are from 3:00 p.m. until 5:45 p.m. on school days only. There will be no extended day services on parent/teacher conference days, early release or non-school days. Please contact the office if you have any questions about this program.

NOTIFICATION OF RIGHTS UNDER FERPA FOR ALTUS PUBLIC SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are “eligible students.”

- Parents or eligible students have the right to inspect and review the student’s education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission for the parent or eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific state law.

Schools may disclose, without consent, “directory” information such as a student’s name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school. For additional information, you may call 1-800-USA-LEARN (1-800-872-5327) (voice). Individuals who use TDD may call 1-800-437-0833.

FIELD TRIPS

Field trips are designed to supplement different aspects of the classroom curriculum and to introduce students to the resources of the community. Parents will receive notices of field trips in advance and will be asked to sign field trip permission forms. Bus transportation will be provided by Altus Schools. To insure safety of your child, a power of attorney must be on file in order for your child to participate in any field trip.

FLOWERS

Flowers or balloons will not be delivered to students in class because it is a distraction and disrupts learning. Students will be instructed to pick them up in the office after school.

GRADES

Grading and reporting grades are in many instances the only way we have of informing parents of their children’s progress. Every effort will be made to inform parents of student progress through phone calls, weekly grade sheets, notes to parents, conferences, etc. Two grades per subject will be recorded in the computer each by Friday. Grade sheets will go home with students most Mondays.

Teachers in the Altus Schools shall determine grades using the following percent spread:

| | |
|---|----------|
| A | 90-100 |
| B | 80-89 |
| C | 70-79 |
| D | 60-69 |
| F | Below 60 |

Music and P.E. will use the following scale:

| | |
|---|----------------|
| H | High |
| S | Satisfactory |
| L | Low |
| U | Unsatisfactory |

GREAT EXPECTATIONS

Altus Primary has implemented the Great Expectations Teaching Methodology. The Great Expectations Methodology is an eclectic approach to teaching that encompasses the very best of what is known about teaching today. Students become self-directed learners, productive citizens, effective communicators, critical thinkers, and cooperative contributors in the classroom as well as society. Our students will practice Life Principals and utilize the Eight Expectations for Living during their educational experience at Altus Primary.

The basic tenets of Great Expectations and Altus Primary School are the following:

- All Children Can Learn
- Building Self-Esteem
- Climate of Mutual Respect
- High Expectations
- Teacher Attitude and Responsibility
- Teach Knowledge and Skill

HALLWAYS

Students should walk quietly in a single file line and keep their hands to themselves. No running is allowed.

HANDBOOK

Each family will sign the Verification of Receipt for a Student Handbook (one copy per family) or has internet access to the handbook on the school website. A copy of this list will be on file in the main office.

HOMEWORK

Homework is a valuable educational tool and is important to a student's academic development. Homework is considered work that was not completed in the classroom and is due the next morning. Parents should be aware of and involved with assignments. They should offer encouragement whenever possible. We ask the parents not to do the work for the child. You may assist the student whenever it is deemed necessary. Excessive homework is to be avoided. Homework is to be returned the following day after it is assigned. Students who do not turn in completed homework may have to stay in at recess or may receive a zero for the assignment. Failure to complete and turn in assigned work will be reflected on the academic reports sent to parents at standard intervals throughout the year.

If your child is absent from school and you want to pick up their assignments, please call and make that request. All textbooks and homework assignments may be picked up at the front table *after 3:00 p.m.*

ILL CHILDREN

If your child becomes ill at school, we will contact you. If we cannot reach you, we will use the emergency contact information you have provided. Please remember that we cannot keep ill children at school. ***If your child has had fever they must be fever free for 24 hours without medicine before bringing them back to school.***

IMMUNIZATION

Oklahoma State Law requires that all children be immunized before entering school. A shot record of required immunizations is due upon enrollment. **ALL STUDENTS MUST HAVE A COMPLETED SHOT RECORD BEFORE THEY CAN OFFICIALLY ENTER SCHOOL.**

IPADS

Altus Primary offers our students individual iPads in every classroom. Students will be led and monitored by teachers to instructional sites for daily practice. Students that misuse their iPads can lose privileges.

Care of iPads in the classroom are a responsibility of both students and teachers. The teacher's responsibility is to share correct guidelines and procedures and to monitor students as they use and transport iPads in the learning environment. Guidelines and access should be age appropriate for each grade level of student. iPads are one learning tool that we use, and just like other materials in the classroom, we understand usual wear and tear on devices. Altus Schools asks that you adhere to the following iPad use and guidelines.

- Take good care of iPads and accessories in order to prevent damages to the devices
- Keep the iPad in the protective case at all times
- iPads will be retrieved and returned to the charging cart according to the teacher's directions
- Food and beverages should be kept away from iPads
- Disassembly of any part of the iPad is not allowable
- iPads will not be used in ways that are not educationally appropriate by following the
- Acceptable Use Policy procedures and the teacher's instructions
- Markers, crayons, stickers, or tape will not be used on iPads
- Serial numbers must not be tampered with on the iPads
- iPads are the property of Altus Public Schools and intentional damage and defacing is
- considered damage to school property
- Contact the teacher immediately if there is a problem or damage to an iPad
- Failure to follow the above guidelines could result in limited use and access to iPad devices in the

LEARNING LAB

Special education classes are available for students to receive individualized special assistance. Various state and federal guidelines must be met.

LIBRARY

Altus Primary Library is the home of thousands of books. Our circulation system is automated and we have a full time library assistant and we share a librarian with other schools in our district. The students will have literature appreciation and library instruction on a scheduled basis with their classroom. The library is open each day. Students are encouraged to check out books as often as needed.

Teachers may use unscheduled times for class and small-group research projects in the library. Any student may come to the library during the day if they have permission from their teacher and the librarian assistant is available. All students are encouraged to take advantage of the many materials we have available and read as much as possible.

LOST AND FOUND

The lost and found is located in the east hallway. Articles found are to be turned in to the office. Articles not claimed by one week after the end of the school year will be disposed of or donated to charity.

MEDICATION

The school nurse, principal, or his/her designees will only administer medications. The student must have a medication permission and emergency form on file. If indicated on the form, it may be necessary to call the parent before administering any medications. The office cannot assume the responsibility for notifying the student of the time to take medications.

No medication shall be administered unless the parent or guardian of the student requiring the medication has given the school written authorization to administer the medication. The parent or guardian of any student requiring medication during school shall bring the medication to the principal or his/her designee. **Medication cannot be brought to school or sent home with the student.** The parent must complete and sign the “Request for Administration of Prescription and Non-prescription Medication” form. A new form must be completed for each change in medication and renewed each school year.

All medications brought to school by students with the exception of inhalers and epi-pens will be confiscated and the parents will be asked to come to school to pick up the medication. Medication not picked up within two weeks will be destroyed.

MIGRANT CLASSES

Migrant classes are provided for students whose parents are migrant laborers and have crossed county or state lines seeking agricultural employment and meet federal guidelines. The class stresses language, math, and reading.

MOMENT OF SILENCE

In accordance with Senate Bill 815 and State Statute 70 O.S. 11-101.1 and 70 O.S. 11-101.2, Altus Primary will observe a “Moment of Silence” each day. The moment of silence is for the express purpose of allowing each student to reflect, meditate, pray or engage in other silent activity.

Each morning, staff will lead the student body in the Pledge of Allegiance, Oklahoma Flag Salute, and a Minute of Silence along with daily announcements.

MUSIC

All students will participate in music classes weekly. Various programs will be presented during the school year that your child may be involved in.

PARENT PORTAL

The student information system for the district has changed to Infinite Campus (IC). Through IC, parents will have access to their child's grades, attendance, and other information on a real time basis. If you do not have access to the parent portal you need to call the school at 481-2185.

PARENT'S RIGHT-TO-KNOW

For Advising Parents of the Right to Know Information about a Teacher's Qualifications as Required by ESSA

At Altus Public Schools, we are very proud of our teachers and feel they are ready for the coming school year and are prepared to give your child a high-quality education. As a District with six Title schools, we must meet federal rules related to teacher qualifications as defined in ESSA. These rules allow you to learn more about your child's teachers' training and credentials. We are happy to provide this information to you. At any time, you may ask:

- Whether the teacher met state qualifications and certification requirements for the grade level and subject he/she is teacher,
- Whether the teacher received an emergency or conditional certificate through which state qualifications were waived, and
- What undergraduate or graduate degrees the teacher holds, including graduate certificates and additional degrees, and major(s) or area(s) of concentration.

You may also ask whether your child receives help from a paraprofessional. If your child receives this assistance, we can provide you with information about the paraprofessional's qualifications.

Our staff is committed to helping your child develop the academic knowledge and critical thinking he/she needs to succeed in school and beyond. That commitment includes making sure that all of our teachers and paraprofessionals are highly skilled.

If you have any questions about your child's assignment to a teacher or paraprofessional, please contact the site principal.

| September 19 | 3:30 - 9:30 | |
| February 13 | 3:30 - 9:30 | |

Our teachers will be sending out sign-up sheets for scheduled conferences. All conferences will be scheduled in fifteen minute blocks of time. This will allow everyone to participate equally.

PARENT VOLUNTEERS

We encourage our parents to become involved in our various activities. Our volunteer groups have always been willing to help and provide many worthwhile services that enhance our school and learning environment. If interested please contact your child's teacher or the front office (481-2185).

PARTIES

Two parties are to be given during the year. Fall festival at the end of October and Valentine's Day in February. These will be given by the teacher and room mothers. If you are interested in becoming a room mother, contact your child's teacher. The Healthy and Fit Schools/Wellness Act encourages parents to serve healthy snacks whenever deemed possible at school events.

All birthday celebrations, etc. in the classroom need to be coordinated ahead of time with the child's teachers. These parties should be limited to the last few minutes of the school day. Invitations to children's birthday parties are not allowed at school unless an invitation is given to each child in the classroom.

PERFECT ATTENDANCE

In order for your child to receive a perfect attendance certificate they cannot have any absences and no more than two tardies during that time period.

PHYSICAL EDUCATION

All students will participate in physical education (P.E.). It will be taught by a qualified instructor and should be of benefit to every student. A note should be sent from home when your child cannot participate in P.E. because of illness. A doctor's statement may be required for continued illness. **Athletic shoes are required for wear in physical education classes.**

The physical education plan for Altus Primary incorporates into the daily program discussion of the food groups, the importance of proper nutritional meals, and healthy physical activities. The students begin their physical education classes using circuit training activities. These activities are used to strengthen their body's main systems such as respiratory, circulatory, and muscular. Some examples of these exercises/activities are ladder stretches, push-ups, sit-ups, squats as well as jumping jacks. Activities are used to demonstrate that exercise can be fun as well as beneficial to our health. These activities are age appropriate to encourage students to participate. These sports activities include circuit training, volleyball, basketball, kick ball, and track events. These sports also teach character education skills. They improve health by releasing stress and building character through sportsmanship as well as improving leadership. Student's progress is determined by successful participation in class activities and assignments as documented by report card grade.

SCHOOLS IDENTIFY CHILDREN IN NEED OF SPECIAL SERVICES

The Altus Public School District has an ongoing Child Find System. The purpose of the Child Find System is to find any child or youth that may have a disability that requires special education services, in order to provide them with an appropriate public education. The school district is looking for those children and youth, ages birth through twenty-one, who are not currently receiving special education and related services and are suspected of having a disability.

The school district will make sure any child or youth who has a disability that requires special education and related services, is provided an appropriate public education. This education will be at no cost to the parents of the child or youth.

Children and youth with disabilities means (as defined by the Oklahoma State Policies and Procedures for Special Education in Oklahoma) those who have hearing impairments, vision impairments, an emotional disturbance, deafness, blindness (or both), specific learning disabilities, intellectual disabilities, multiple disabilities, speech and/or language impairments, physical disabilities, autism, traumatic brain injuries, or other health impairments. In addition, children and youth with any disability which substantially limits a major life activity may receive modifications and accommodations to allow them access to an appropriate education (Section 504 of the Rehabilitation Act, as amended).

Parents, relatives, private agency employees, and concerned citizens are urged to help the Altus School District find an infant, toddler, child, or youth who may have a disability and need special education and related services. The school district will need to know the name, age, date of birth of the child or youth, and the name, address and telephone number of the child's parents or guardians, the possible disability, and any other relevant information to help determine if special education is needed.

Letters and telephone calls are some of the ways the school districts collect the information needed. The information the school districts collect will be used to contact the parents or guardians of the child or youth to find out if the child or youth needs to be evaluated or referred for special education services.

For information, contact: Altus Schools, Mindy Hawthorne, 481-3089

As part of the child find efforts, the school district may use screening information, student records, and basic assessment information collected on all children and youth in their districts to help locate those children and youth who have a disability and need special education.

Educational records containing personally identifiable information collected by schools in the identification, location, screening and evaluation of children are maintained in accordance with the Family Education Rights and Privacy Act (FERPA) and the Oklahoma State Policies and Procedures for Special Education in Oklahoma.

School districts develop and implement local policies regarding the collection, storage, disclosure, and destruction of confidential student records. Parents may obtain a copy of the local policy from the local school administrator.

The rights of parents and children regarding personally identifiable information in accordance with FERPA are as follows:

- To inspect the student's education records;
- To request the amendment of education records to ensure that they are not inaccurate, misleading, or in violation of the student's privacy or other rights;
- To consent to disclose education records, except where consent is not required to authorize disclosure;
- To file complaints with the Family Policy Compliance Office, United States Department of Education, Washington, D.C. 20202, concerning alleged violations of the requirements of FERPA; and
- To obtain a copy of the FERPA policy adopted by the local school district upon request being made to the local school administrator

Before any major identification, location, or evaluation, schools shall provide notice to parents. Accommodations for other languages or means of communication may be provided upon request. Such notice shall occur at least annually and shall include the rights of parents under FERPA.

Altus Schools does not discriminate on the basis of race, color, religion, national origin, sex, age, disability, or veteran status.

Tardiness interrupts your child's instructional time. All students who are tardy in the morning are required to check in at the office and pick up a tardy slip. If you pick up your child(ren) early from school, you must sign them out and it is considered a tardy. Tardies are accumulative and can keep a child from receiving perfect attendance award. Counseling and/or recess detention may be given and served to make up any classwork that was missed during that time. Students arriving to school after 8:00 and before 9:15 a.m. must receive a tardy slip from the office. Those students who leave after 1:45 p.m. are considered tardy in the afternoon.

Arrangements for after-school transportation should be made before the student comes to school. **Please do not call the school office to notify your student of transportation arrangements except in case of emergency.**

VISITORS

All visitors will enter the building through the main entrance and receive a visitor's pass before you can enter the building. When you are finished with your business please discard the visitor pass. This process is for the safety of the staff and students.

VISUALLY TALENTED PROGRAM

Elementary students, grades 2-4, who qualify for the visually talented program, will be served with a pullout program. Nominations are based on students' potential in art and need for differentiated or accelerated services and meet district guidelines as established by board policy. The student's parent or guardian, teacher, or school administrator may make nominations at any time throughout the school year. The visually talented art specialist will be responsible for student testing.

VOLUNTEER PROGRAM

Volunteers play an important and valuable role in education. Voluntary assistance in the education of students offers a way for you to become actively involved in your child's school. Volunteers are needed to help in the classroom or to work with individual students. Volunteers are also needed for other jobs such as: making copies, bulletin boards, and making classroom materials. If you are interested in becoming a volunteer, you can contact your child's teacher. Volunteers may be required to have passed a law enforcement background check and receive confidentiality training. Volunteers should wear their volunteer badges at all times while at school. Parents wishing to help in the classroom must have permission from the classroom teacher and principal and must sign a Confidentiality Agreement before helping in the classroom.

WIRELESS TELECOMMUNICATION DEVICES

Wireless telecommunication devices, including but not limited to cell phones and pagers, shall not be used by students on school premises during regular school hours. In no case will a device be allowed which has the capability to take "photographs" of any kind. Principals at the various sites determine regular school hours. If in a student's possession, wireless telecommunication devices shall be turned off during these hours and put away in an inconspicuous place out of sight, for example, in a purse or book bag.

Student possession of wireless telecommunication devices shall not distract or disrupt the educational environment, including class time, assemblies, lunch, meetings and/or passing between classes in school hallways. Students found to be distracting or disrupting the educational environment will be subject to disciplinary action.

Students found to be in possession of a wireless telecommunications device in violation of the rules shall be subject to disciplinary action under the student discipline policy, including confiscation of the device pending parent/guardian conference, detention, or suspension. Students in violation of the discipline policy may be disallowed from carrying any personal communication device. Where appropriate, police authorities may be contacted.

Upon reasonable suspicion, the superintendent, principal, teacher, or security personnel shall have the authority to detain and search, or authorize the search of any student or property in the possession of the student for unauthorized wireless telecommunication devices.

DISCIPLINE POLICY

The Altus Public Schools believes that the primary function of the schools is to educate children. We further believe that students have the right to learn free of unnecessary distractions and to attend a school in which an atmosphere conducive to learning exists.

Education includes establishing norms of acceptable social behavior and assisting students in understanding and attaining those norms. From time to time, it will be necessary for the benefit of the individual and of the school for the faculty and administrators to enforce corrective actions for breaches in acceptable behavior.

The teacher or administrator shall have the same right as a parent or guardian to control and discipline a child while the child is in attendance in the Altus Schools or in transit to or from the school or while attending or participating in any school function authorized by the school district (70 O.S. 6-114, School Laws of Oklahoma).

Each student shall be treated in a fair and equitable manner. The severity of the disciplinary action will be based upon a careful assessment of the circumstances surrounding each infraction.

The following examples of behavior are not acceptable in society generally, and in a school environment particularly. When in the judgment of the teacher or administrator the behavior of a student constitutes unacceptable behavior in the following areas, corrective action will be taken. MISCONDUCT:

Students engaging in any act of gross misconduct, including flagrant discourtesy, abusive or vile language, physical abuse, disruptive behavior, or deliberate insubordination, or truancy and/or excessive absenteeism, shall be referred to the principal for appropriate action. Such behavior may be grounds for suspension.

DETENTION:

Detention is defined as a period of time, other than class time, when a student is detained as a disciplinary measure. Detention assignments, when practical, should begin following the infraction. Failure on the part of any student to attend detention may result in further disciplinary action.

IN-SCHOOL SUPERVISION:

Students who are suspended from the regular school program may be assigned to the in-school suspension center designated by the superintendent.

The in-school supervision program will be a highly structured class situation with emphasis being placed on intensive student work. Students who refuse in-school supervision can be alternatively placed from school for as many days as the in-school supervision penalty.

When the students then return to school, they will have to complete the in-school supervision penalty before returning to regular classes.

The principal will determine the necessity of sending a student to in-school suspension and the duration of the punishment.

The primary purpose of this program is to allow most student offenders to remain in school and keep up academically while suspended.

ALTERNATIVE PLACEMENT:

At the discretion of the administrator and in lieu of the regular school setting, other educational options may be used in place of out of school suspension.

SUSPENSION:

Suspension is defined as removal of a student from school and all school functions for a specified period of time. The principal, or his/her designee, may suspend a student(s) for varying lengths of time depending on the infraction(s). A student can be suspended from one day to a maximum of two semesters. Parents or legal guardians of the student(s) will be notified of the suspension by mail and by verbal contact, when possible. Students, who are suspended from school, will not be allowed on any school properties or allowed to attend school functions at any time during the suspension period. Failure to comply with this policy may lead to additional suspension.

CLASS ASSIGNMENTS DURING SUSPENSION:

Make-up assignments during the period of suspension will be put on a special assignment form. These assignments will be made available to the parent(s) to pick up at the school at a reasonably designated time and place. It is the student's responsibility to complete the assignments during the suspension period. The daily assignments will be made available and are due the day the student returns to school. The daily assignments will be given a check for completion. Uncompleted assignments will earn a 0 (zero) and be averaged with all the other grades earned by the student during the regular school term. Major tests will be taken and given full credit. Students should be prepared to take missed tests upon returning to the school. Long-term suspensions are those suspensions of more than 10 days. For long-term suspensions, school assignments, including tests, may not be made available for the students. During long-term suspensions, no grades will be recorded and no credit given. School assignments, tests, grades, and credit will be determined through the suspension and/or appeals process.

Students who are on suspension will not be allowed to attend any school functions during the suspension period or enroll in any other Altus Public School.

DUE PROCESS: Appeals procedures for suspension.

Step 1: If the student or parent wishes to appeal the suspension, they must notify the principal within forty-eight (48) hours that they intend to appeal. The principal will provide a hearing in which the student and parents may participate. The hearing will be conducted by the principal.

Step 2: If the student and parents involved are not satisfied with the ruling of the principal, an appeal may then be made with the superintendent for another hearing to be conducted by a designated hearing officer. The appeal shall be made in writing within forty-eight (48) hours of the principal's decision. The hearing officer will hear the appeal within five (5) school days after proper notification.

Step 3: If the student and parents are not satisfied with the decision of the hearing officer, an appeal may be made to the Board of Education in the following manner:

1. The notification of appeal must be made in writing to the Board of Education through the superintendent's office, within forty-eight (48) hours after the hearing officer's decision is rendered. The Board of Education will hear the appeal as soon as possible.
2. The student will be advised that he/she may be present at the board hearing, accompanied by a representative to act on his/her behalf. The school official will be afforded the same consideration.
3. The student will be informed of hearing procedures and given reasonable time to prepare for the hearing.
4. During the hearing, the student or his/her legal counsel shall have the right to examine evidence, examine and cross-examine witnesses, and present evidence and testimony on behalf of the student. The school official shall have the same stated right.
5. The decision of the Board of Education will be final (School laws of Oklahoma, 1992, Chapter I Article XXIV, Section 490).

Suspensions of any length may be appealed, using the procedures listed above, however, timeliness will be adjusted to meet the time restrictions on a case by case basis.

Legal Authority For Suspension

A. Authority to Suspend

A Principal or his/her designee has the initial responsibility and authority to suspend a student.

1. In buildings where assistant principals are not provided and the principal is absent, the superintendent or his/her designee, or another principal from one of the district schools, shall come to the school where a student is presenting a discipline problem, assist in the resolution of the problem, and be authorized to make suspensions in the absence of the principal (Reference: O.S. 70-24-102).

SUSPENSION OF SPECIAL EDUCATION STUDENTS:

When considering disciplinary measures for special education students, the following shall be considered:

When suspension of less than ten (10) days from school is necessary, the due process procedures established for regular students shall be followed.

For suspension of over ten (10) days or an accumulation of ten (10) days, these additional procedures shall be followed:

- a. Schedule an IEP meeting to determine if the student's behavior is the result of the handicapping condition;
- b. When the behavior is related to the handicapping condition, and a change in program or removal from the current program is recommended, the IEP must be revised to reflect the change in placement;
- c. The school must provide an alternative program (i.e., IEP revision, home based, etc.);
- d. When the behavior is not related to the handicapping condition, the procedures established for regular students shall be followed.

In an emergency situation in which the student is endangering himself or others, the school has the authority to remove the student from school immediately. However, the IEP/Placement team must convene as soon as possible after an emergency removal to determine further appropriate action. In any event, the district's disciplinary due-process procedures must be followed.

SEARCH OF STUDENTS:

The superintendent, principal, teacher or security personnel of the Altus School District, upon reasonable suspicion, shall have the authority to detain and search or authorize the search of any student or property in the possession of the student when said student is on any school premises or while in transit under the authority of the school, or while attending any function sponsored or authorized by the school, for dangerous weapons, controlled dangerous substances, intoxicating beverages, non-intoxicating beverages (37-163.11) or for missing or stolen property if said

property be reasonably suspected to have been taken from a student, a school employee, or the school during school activities.

The search shall be conducted by a person of the same sex of the student and shall be witnessed by at least one other authorized person, said person to be of the same sex if practicable. The extent of the search shall be reasonably related to the objective of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction. In no event shall a strip search of a student be allowed. No student's clothing, except cold weather outerwear, and footwear shall be removed prior to or during the conduct of any warrantless search.

The school employee specified above has the authority to detain the student to be searched and to preserve any dangerous weapons, controlled dangerous substances, intoxicating beverages, non-intoxicating beverages or missing or stolen property that might be in the student's possession.

Any student found to be in possession of dangerous weapons, controlled dangerous substances, intoxicating beverages, non-intoxicating beverages or missing or stolen property shall be suspended from school as provided in board policies and school handbook of the school district.

Students shall be notified that they do not have any reasonable expectation of privacy towards school administrators or teachers in the contents of a school locker, desk, or other school property. School personnel shall have access to school lockers, desks, and other school property which may be opened and examined by school officials at any time, and no reason shall be necessary for such search. **Student property may be searched with reasonable suspicion.** (H.B. 1343-1987)

SEARCH OF VEHICLES:

Students having vehicles at school are governed by the vehicle policy established by the Altus Public Schools and published in the Student Handbook.

Being allowed to park on school property is a privilege which may be taken away from a student, any student who brings a car onto school property is agreeing that such vehicle will not contain any items which school rules to not allow in the school or on the school property. The student further agrees that if the administrators or teachers have reasonable suspicion to believe that items which should not be on school property are in the student's vehicle, the student shall unlock the vehicle for school inspection and consent to a search of the vehicle by school authorities. Failure to abide by these rules shall be grounds to revoke the parking privileges of the student and may result in other disciplinary action against the student.

FELONIOUS ACT:

Any student involved in a felonious act and/or theft (other than drug abuse) while under school supervision or on school property will be subject to the following procedures:

1. Any such act will be reported to the Board of Education, police, and the parent(s) or guardian(s) of the student
2. The Altus Public Schools will request the District Attorney to file appropriate charges.
3. The students will be suspended for a minimum of ten (10) school days and may be suspended a maximum period authorized by law.

BULLYING

It is the policy of this school district that bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school-sponsored activities, or at school-sanctioned events, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. Bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school.

As used in the School Safety and Bullying Prevention Act, “bullying” means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or, electronic communication, directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school’s educational mission or the education of any student. Such behavior is specifically prohibited.

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-school suspension
4. Detention
5. Referral to counselor
6. Behavioral contract
7. Changing student’s seat assignment or class assignment
8. Requiring a student to make financial restitution for damaged property
9. Requiring a student to clean or straighten items or facilities damaged by the student’s behavior
10. Restriction of privileges
11. Involvement of local authorities
12. Referring student to appropriate social agency or to a delinquency prevention and diversion program administrated by the Office of Juvenile Affairs

13. Suspension

14. Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

Harassment set forth above may include, but is not limited to, the following:

1. Verbal, physical, or written harassment or abuse;
2. Repeated remarks of a demeaning nature;
3. Implied or explicit threats concerning one's grades, achievement, etc.;
4. Demeaning jokes, stories, or activities directed at the student;
5. Unwelcome physical contact.

The superintendent shall develop procedures providing for:

1. Prompt investigation of allegations of harassment;
2. The expeditious correction of the conditions causing such harassment;
3. Establishment of adequate measures to provide confidentiality in the complaint process;
4. Initiation of appropriate corrective actions;
5. Identification and enactment of methods to prevent reoccurrence of the harassment; and
6. A process where the provisions of this policy are disseminated in writing annually to all staff and students.

A copy of this policy will be furnished to each student and teacher in this school district.

PROHIBITING HARASSMENT, INTIMIDATION AND BULLYING (REGULATION)

The Altus Public Schools' student conduct code prohibits bullying. This regulation further explains the negative effects of that behavior and seeks to promote strategies for prevention.

Statement of Board Purpose in Adopting Policy

The board of education recognizes that bullying of students causes serious educational and personal problems, both for the student-victim and the initiator of the bullying. The board observes that this conduct:

1. Has been shown by national and state studies to have a substantial adverse effect upon school district operations, the safety of students and faculty, and the educational system at large.
2. Substantially disrupts school operations by interfering with the district's mission to instruct students in an atmosphere free from fear, is disruptive of school efforts to encourage students to remain in school until graduation, and is just as disruptive of the district's efforts to prepare students for productive lives in the community as they become adults.
3. Substantially disrupts healthy student behavior and thereby academic achievement. Research indicates that healthy student behavior results in increased student academic achievement. Improvement in student behavior through the prevention or minimization of intimidation, harassment, and bullying towards student-victims simultaneously supports the district's primary and substantial interest in operating schools that foster and promote academic achievement.
4. Substantially interferes with school compliance with federal law that seeks to maximize the mainstreaming of students with disabilities and hinders compliance with Individual Educational Programs containing objectives to increase the socialization of students with disabilities. Targets of bullying are often students with known physical or mental disabilities who, as a result, are perceived by bullies as easy targets for bullying actions.
5. Substantially interferes with the district's mission to advance the social skills and social and emotional well-being of students. Targets of intimidation, harassment, and bullying are often "passive-target" students who already are lacking in social skills because they tend to be extremely sensitive, shy, display insecurity, anxiety and/or distress; may have experienced a traumatic event; may try to use gifts, toys, money, or class assignments or performance bribes to protect themselves from intimidation, harassment, or bullying; are often small for their age and feel vulnerable to bullying acts; and/or may resort to carrying weapons to school for self-protection. Passive-target victims who have been harassed and demeaned by the behavior of bullies often respond by striving to obtain power over others by becoming bullies themselves, and are specifically prone to develop into students who eventually inflict serious physical harm on other students, or, in an effort to gain power over their life or situation, commit suicide.
6. Substantially disrupts school operations by increasing violent acts committed against fellow students. Violence, in this context, is frequently accompanied by criminal acts.
7. Substantially disrupts school operations by interfering with the reasonable expectations of other students that they can feel secure at school and not be subjected to frightening acts or be the victim of mistreatment resulting from bullying behavior.

Bullying often involves expressive gestures, speech, physical acts that are sexually suggestive, lewd, vulgar, profane, or offensive to the education or social mission of this school district, and at times involves the commission of criminal acts. This behavior interferes with the curriculum by disrupting the presentation of instruction and also disrupts and

interferes with the student-victim's or bystander's ability to concentrate, retain instruction, and study or to operate free from the effects of bullying. This results in a reluctance or resistance to attend school.

Definition of Terms

1. Statutory definition of harassment, intimidation, and bullying:

70 O.S. §24-100.3(c) of the School Safety and Bullying Prevention Act defines the term "bullying," as including, but not limited to a pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication, directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student that a reasonable person should recognize will:

- A. Harm another student;
- B. Damage another student's property;
- C. Place another student in reasonable fear of harm to the student's person or damage to the student's property;
or
- D. Insult or demean any student or group of students in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

2. The "Reasonable Person" Standard

In determining what a "reasonable person" should recognize as an act placing a student in "reasonable" fear of harm, staff will determine "reasonableness" not only from the point of view of a mature adult, but also from the point of view of an immature child of the age of the intended victim along with, but not limited to, consideration of special emotional, physical, or mental needs of the particular child; personality or physical characteristics, or history that might cause the child to be particularly sensitive to efforts by a bully to humiliate, embarrass, or lower the self-esteem of the victim; and the discipline history, personality of, and physical characteristics of the individual alleged to have engaged in the prohibited behavior.

3. General Display of Bullying Acts

Bullying, for purposes of this section of the regulation, includes harassment and intimidation, and vice versa. According to experts in the field, bullying in general is the exploitation of a less powerful person by an individual taking unfair advantage of that person, which is repeated over time, and which inflicts a negative effect on the victim. The seriousness of a bullying act depends on the harm inflicted upon the victim and the frequency of the offensive acts. Power may be, but is not limited to, physical strength, social skill, verbal ability, or other characteristics. Bullying acts by students have been described in several different categories.

- A. Physical Bullying includes harm or threatened harm to another's body or property, including, but not limited to, what would reasonably be foreseen as a serious expression of intent to inflict physical harm or property damage through verbal or written speech or gestures directed at the student-victim, when considering the factual circumstances in which the threat was made and the reaction of the intended victim. Common acts include tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.
- B. Emotional Bullying includes the intentional infliction of harm to another's self-esteem, including, but not limited to, insulting or profane remarks, insulting or profane gestures, or harassing or

frightening statement, when such events are considered in light of the surrounding facts, the history of the students involved, and age, maturity, and special characteristics of the students.

- C. Social Bullying includes harm to another's group acceptance, including, but not limited to, harm resulting from intentionally gossiping about another student or intentionally spreading negative rumors about another student that results in the victim being excluded from a school activity or student group; the intentional planning and/or implementation of acts or statements that inflict public humiliation upon a student; the intentional undermining of current relationships of the victim-student through the spreading of untrue gossip or rumors designed to deprive the student of awards, recognition, or involvement in school activities; the false or malicious spreading of an untrue statement or statements about another student that exposes the victim to contempt or ridicule or deprives the victim of the confidence and respect of student peers; or the making of false statements to others that the student has committed a crime, or has an infectious, contagious, or loathsome disease, or similar egregious representations.
- D. Sexual Bullying includes harm to another resulting from, but not limited to, making unwelcome sexual comments about the student; making vulgar, profane, or lewd comments or drawings or graffiti about the victim; directing vulgar, profane, or lewd gestures toward the victim; committing physical acts of a sexual nature at school, including the fondling or touching of private parts of the victim's body; participation in the gossiping or spreading of false rumors about the student's sexual life; written or verbal statements directed at the victim that would reasonably be interpreted as a serious threat to force the victim to commit sexual acts or to sexually assault the victim when considering the factual circumstances in which the threat was made and the reaction of the intended victim; off-campus dating violence by a student that adversely affects the victim's school performance or behavior, attendance, participation in school functions or extracurricular activities, or makes the victim fearful at school of the assaulting bully; or the commission of sexual assault, rape, or homicide. Such conduct may also constitute sexual harassment also prohibited by Altus Public Schools.

Procedures Applicable to the Understanding of and Prevention of Bullying of Students

A. Student and Staff Education and Training

All staff will be provided with a copy of the district's policy on prevention of bullying of students. All students will be provided a summary of the policy and notice that a copy of the entire policy is available on request. Altus Public Schools is committed to providing appropriate and relevant training to staff regarding identification of behavior constituting bullying of students and the prevention and management of such conduct. Students, like staff members, shall participate in an annual education program that sets out expectations for student behavior and emphasizes an understanding of bullying of students, the district's prohibition of such conduct, and the reasons why the conduct is destructive, unacceptable, and will lead to discipline. Students shall also be informed of the consequences of bullying conduct toward their peers.

B. Altus Public Schools' Safe School Committee

The safe school committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid harm at school, student victimization, crime prevention, school violence, and other issues that interfere with an adversely affect the maintenance of safe schools.

With respect to student harassment, intimidation, and bullying, the safe school committee shall consider and make recommendations regarding professional staff development needs of faculty and other staff related to methods to decrease student harassment, intimidation, and bullying and understanding, and identifying bullying behaviors. In addition, the committee shall make recommendations regarding: identification of methods to enhance relationships between students and school staff in order to strengthen communication; and fashioning of problem solving teams that include counselors and/or school psychologists.

In accomplishing its objectives, the committee shall review traditional and accepted harassment, intimidation, and bullying prevention programs utilized by other states, state agencies, or school districts.

Student Reporting

Students are encouraged to inform school personnel if they are the victim of or a witness to acts of harassment, intimidation, or bullying.

Staff Reporting

An important duty of the staff is to report acts or behavior that the employee witnesses that appears to constitute harassing, intimidating, or bullying. Employees, whether certified or noncertified, shall encourage students who tell them about acts that may constitute intimidation, harassment, or bullying to complete a report form. For young students, staff members given that information will need to provide direct assistance to the student.

Staff members who witness such events are to complete reports and to submit them to the building principal. Staff members who hear of incidents that may, in the staff member's judgment, constitute harassment, intimidation, or bullying, are to report all relevant information to the building principal.

Parental Responsibilities

Parent/guardians will be informed in writing of the district's program to stop bullying. An administrative response to bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

1. Report bullying when it occurs;
2. Take advantage of opportunities to talk to their children about bullying;
3. Inform the school immediately if they think their child is being bullied or is bullying other students;
4. Watch for symptoms that their child may be a victim of bullying and report those symptoms; and
5. Cooperate fully with school personnel in identifying and resolving incidents.

Discipline of Students

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-school suspension

4. Detention
5. Referral to counselor
6. Behavioral contract
7. Changing student's seat assignment or class assignment
8. Requiring a student to make financial restitution for damaged property
9. Requiring a student to clean or straighten items or facilities damaged by the student's behavior
10. Restriction of privileges
11. Involvement of local authorities
12. Referring student to appropriate social agency
13. Suspension
14. Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

The above consequences will be imposed for any person who commits an act of bullying as well as any person found to have falsely accused another as a means of retaliation, reprisal, or as a means of bullying. Strategies will be created to provide counseling or referral to appropriate services, including guidance, academic intervention, and other protection for students, both targets and perpetrators, and family members affected by bullying, as necessary

GANG ACTIVITY

It is the policy of this school district that membership in secret fraternities or sororities, or in other clubs or gangs not sponsored by established agencies or organizations is prohibited.

Gangs which initiate, advocate, or promote activities which threaten the safety or well-being of persons or property on school grounds or which disrupt the school environment are harmful to the educational process. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue of its color, arrangement, trademark, symbol, or any other attribute which indicates or implies membership or affiliation with such a group, presents a clear and present danger to the school environment and educational objectives of the community and are forbidden.

GRADE PLACEMENT PROMOTION AND RETENTION – GRADES K-8

If a student has not made adequate yearly progress in light of his/her potential, the student's academic achievement shall be carefully considered before he/she is retained or promoted to the next grade level of instruction. The age, physical development, emotional maturity, social adjustment, and attitude of the student shall be reviewed in each case. If, in the opinion of the teacher/school, additional time is necessary for the best development of the student, it shall be recommended in writing that the student be retained. Only in special circumstances should a student be retained past the primary level (K-3) or retained more than once. The purpose of this policy is to provide guidelines for teachers and administrators to follow in determining whether to promote or retain students and to establish a uniform procedure to be followed where retention is appropriate.

1. Any first grade, second grade, or third grade student who demonstrates proficiency in reading at the third grade level through a screening instrument which meets the acquisition of reading skills criteria shall not be subject to retention. Upon demonstrating proficiency through screening, the district shall provide notification to the parent(s) and/or guardian(s) of the student that they have satisfied the requirements of the Reading Sufficiency Act and will not be subject to retention pursuant to this section.

2. If a third grade student is identified at any point of the academic year as having a significant reading deficiency, which shall be defined as scoring below proficient on a screening instrument which meets the acquisition of reading skills criteria, the district shall immediately begin a student reading portfolio and shall provide notice to the parent of the deficiency.

3. If a student has not yet satisfied the proficiency requirements of this section prior to the completion of third grade and still has a significant reading deficiency, as identified based on assessments administered as required by law, has not accumulated evidence of third grade proficiency through a student portfolio, or is not subject to a good cause exemption, then the student shall not be eligible for automatic promotion to fourth grade.

4. For the 2015-2016 school year, a student not eligible for automatic promotion under paragraph 3 of this subsection and who scores at the unsatisfactory level on the reading portion of the third grade statewide criterion-referenced test, may be evaluated for "probationary promotion" by the Student Reading Proficiency Team. For the 2016-2017 and 2017-2018 school years, a student not eligible for automatic promotion as provided for under paragraph 3 of this subsection and who scores at the unsatisfactory or limited knowledge levels on the reading portion of the third grade statewide criterion referenced test may be evaluated for "probationary promotion" by the Student Reading Proficiency Team. The Student Reading Proficiency Team shall be composed of:

- (1) the parent(s) and/or guardian(s) of the student,
- (2) the teacher assigned to the student who had responsibility for reading instruction in that academic year,
- (3) a teacher in reading who teaches in the subsequent grade level, and
- (4) a certified reading specialist.

The student shall be promoted to the fourth grade if the team members unanimously recommend "probationary promotion" to the school principal and the school district superintendent and the principal and the superintendent approve the recommendation that promotion is the best option for the student. If a student is allowed as "probationary promotion", the team shall continue to review the reading performance of the student and repeat the requirements of

this paragraph each academic year until the student demonstrates grade level reading proficiency, as identified through a screening instrument which meets the acquisition of reading skills criteria, for the corresponding grade level in which the student is enrolled or transitions to the requirements set forth by the Achieving Classroom Excellence Act.

5. Beginning with the 2016-2017 school year, students who score below the proficient level on the reading of the statewide third grade criterion referenced test and who are not subject to a good cause exemption as provided in subsection K of this section, and who do not qualify for promotion or “probationary promotion” shall be retained in the third grade and provided intensive instructional services and supports.

6. The school district shall annually report to the State Department of Education the number of students promoted to the fourth grade as required by law. A third grade student may be promoted for “good cause” if the student meets one of the following statutory exemptions:

(1) Limited English proficient students who have had less than two years of instruction in an English Language Learner program;

(2) Students with disabilities whose Individualized Education Plans, consistent with state law, indicates that the student is to be assessed with alternative achievement standards through the Oklahoma Alternate Assessment Program (OAAP);

(3) Students who demonstrate an acceptable level of performance on an alternative standardized reading assessment approved by the State Board of Education;

(4) Students who demonstrate through a student portfolio, that the student is reading on grade level as evidenced by demonstration of mastery of the state standards beyond the retention level;

(5) Students with disabilities who participate in the statewide criterion-referenced tests and who have an Individualized Education Plan which reflects that the student has received intensive remediation for reading for more than two years but still demonstrates a deficiency in reading and was previously retained in pre-kindergarten for academic reasons, kindergarten, first grade, second grade, or third grade; and

(6) Students who have received intensive remediation in reading through a program of reading instruction for two or more years but still demonstrate a deficiency in reading and who were previously retained in pre-kindergarten for academic reasons, kindergarten, first grade, second grade, or third grade for a total of two years. Requests to exempt students from the mandatory retention requirements based on one of the good cause exemptions shall be made using the following process:

1. Documentation submitted from the teacher of the student to the school principal that indicates the student meets one of the good-cause exemptions and promotion of the student is appropriate. Documentation shall be limited to the alternative assessment results or student portfolio work and the Individual Education Plan (IEP), as applicable;

2. The principal of the school shall review and discuss the documentation with the teacher. If the principal determines that the student meets one of the good-cause exemptions and should be promoted based on the documentation provided, the principal shall make a recommendation in writing to the school district superintendent; and

3. After review, the school district superintendent shall accept or reject the recommendation of the principal in writing. In the elementary and middle schools, a placement committee consisting of the principal, counselor, and teacher(s) shall determine if a student is to be assigned to the next higher grade. The committee shall consider standardized test scores and the student’s age. Whenever a teacher or a placement committee recommends that a student be retained at the present grade level or not passed in a course, the parent(s) or guardian(s), if dissatisfied with the recommendation, may appeal the decision by complying with the district’s appeal process. The decision of the Board of Education shall be final. The parent(s) or guardian(s) may prepare a written statement to be placed in and

become a part of the permanent record of the student stating the parent(s) or guardian(s) reason(s) for disagreeing with the decision of the board.

PARENTAL NOTICE OF UNSATISFACTORY WORK/RETENTION OF STUDENTS

Midway through the grading period, a letter must be mailed to parents of all students who are doing unsatisfactory work or work that the teacher considers below the student's potential. Once a mark is recorded on a report card or permanent record, under no circumstances will the mark be changed unless it was recorded in error.

In addition to the above, after the middle of the third nine week period, elementary teachers through their principal will contact the parent of each student who is in danger of failing for the year and who may be required to repeat the grade.

The purpose of this contact is to see how the parent and the school can work together to see that the student can progress to the next grade.

By state statutes, the school district will make the final determination as to whether a student will be promoted, retained, or required to attend a transitional class the following year.

Educators will do their best to see that action on whether a student should be retained or not is done in the best interest of the student.

In extreme cases where parents insist that the student be promoted to the next level against the advice of school officials, the parent will be required to sign a form releasing the school of all liability in the future. A copy of the release form will be made a part of the student's permanent records.

1. Any student who demonstrates proficiency in reading at the third-grade level through a screening instrument which meets the acquisition of reading skills criteria shall not be subject to retention. Upon demonstrating proficiency through screening, the district shall provide notification to the parent(s) and/or guardian(s) of the student that they have satisfied the requirements of the Reading Sufficiency Act and will not be subject to retention pursuant to this section.
2. If a third-grade student is identified at any point of the academic year as having a significant reading deficiency, which shall be defined as scoring below proficient on a screening instrument which meets the acquisition of reading skills criteria, the district shall immediately begin a student reading portfolio and shall provide notice to the parent of the deficiency.
3.
 - a. If a student has not yet satisfied the proficiency requirements of this section prior to the completion of third grade, the student may qualify for automatic promotion to the fourth grade upon scoring at the "limited knowledge" level on the reading portion of the statewide third-grade criterion-referenced test.
 - b. Prior to promotion, however, the district shall provide notice to the student's parent(s) and/or guardian(s) that the child is not yet reading at grade level and provide the parent(s) and/or guardian(s) of the child the option for retention should they so desire. The notice shall contain, at a minimum, the most recently

identifiable grade level on which the student is actually proficient, the opportunities for summer reading programs, school and/or community based reading tutoring, vendors which provide reading tutoring and the rights to the continuing intensive remediation pursuant to this paragraph.

c. A student so promoted shall be entitled to intensive remediation in reading until the student is able to demonstrate proficiency in reading at the grade level in which the student is enrolled. An intensive remediation plan shall be developed by a “Student Reading Proficiency Team” composed of:

- (1) the parent(s) and/or guardian(s) of the student,
- (2) the teacher assigned to the student who had responsibility for reading instruction in that academic year.
- (3) a teacher in reading who teaches in the subsequent grade level,
- (4) the school principal, and
- (5) a certified reading specialist, if one is available.

The student shall be promoted to the fourth grade if the team members unanimously recommend “probationary promotion” to the school district superintendent and the superintendent approves the recommendation that promotion is the best option for the student. If a student is allowed a “probationary promotion, the team shall continue to review the reading performance of the student and repeat the requirements of this paragraph each academic year until the student demonstrates grade-level reading proficiency, as identified through a screening instrument which meets the acquisition of reading skills criteria, for the corresponding grade level in which the student is enrolled or transitions to the requirements set forth by the Achieving Classroom Excellent Act.

1. Beginning with the 2015-16 school year, students who score at the unsatisfactory level on the reading portion of the statewide third-grade criterion referenced test and who are not subject to a good cause exemption as provided in subsection K of this section shall be retained in the third grade and provided intensive instructional services and supports.
2. The school district shall annually report to the State Department of Education the number of students promoted to the fourth grade as required by law. A third grade student may be promoted for “good cause” if the student meets one of the following statutory exemptions:
 - (1) Limited-English-proficient students who have had less than two years of instruction in an English language learner program;
 - (2) Students with disabilities whose individualized education plans, consistent with state law, indicates that the student is to be assessed with alternative achievement standards through the Oklahoma Alternate Assessment Program (OAAP);
 - (3) Students who demonstrate an acceptable level of performance on an alternative standardized reading assessment approved by the State Board of Education;
 - (4) Students who demonstrate through a student portfolio, that the student is reading on grade level as evidenced by demonstration of mastery of the state standards beyond the retention level;
 - (5) Students with disabilities who participate in the statewide criterion-referenced tests and who have an individualized education plan that reflects that the student has received intensive remediation for reading for more than two years but still demonstrates a deficiency in reading and was previously retained in pre-kindergarten for academic reasons, kindergarten, first grade, second grade, or third grade; and

- (6) Students who have received intensive remediation in reading through a program of reading instruction for two or more years but still demonstrate a deficiency in reading and who were previously retained in pre-kindergarten for academic reasons, kindergarten, first grade, second grade, or third grade for a total of two years.

Requests to exempt students from the mandatory retention requirements based on one of the good-cause exemptions shall be made using the following process:

1. Documentation submitted from the teacher of the student to the school principal that indicates the student meets one of the good-cause exemptions and promotion of the student is appropriate. Documentation shall be limited to the alternative assessment results or student portfolio work and the individual education plan (IEP), as applicable;
2. The principal of the school shall review and discuss the documentation with the teacher. If the principal determines that the student meets one of the good-cause exemptions and should be promoted based on the documentation provided, the principal shall make a recommendation in writing to the school district superintendent; and
3. After review, the school district superintendent shall accept or reject the recommendation of the principal in writing.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) NOTICE FOR DIRECTORY INFORMATION

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Altus Public Schools, with certain exceptions, obtain parental written consent prior to the disclosure of personally identifiable information from a child's education records. However, Altus Public Schools may disclose appropriately designated "directory information" without written consent, unless the parent has advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Altus Public School District to include this type of information from a child's education records in certain school publications. Examples include:

- € The annual yearbook;
- € Honor roll or other recognition lists;

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local education agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses, and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

Classroom lists of students, grade level lists of students, and school-wide lists of students will be released to organizations or individuals representing organizations that have a direct affiliation with one or more District schools and/or programs. Examples of such organizations include the PTO or Booster Clubs. Lists of students shall not be released to vendors or others soliciting students for contributions or sales.

Parents wishing to **prevent** release of directory information about their child(ren) (or the student if age 18 or older) must return a completed privacy form (available in each school office) to the principal of the school within 10 days of the start of each school year.
